Testimonial for Bioshield 75:

BioShield 75 is our invisible protection for our members and staff at the Edward M. Armfield, Sr. Civic and Recreation Center in Pilot Mountain, NC. It has been placed on all of our Fitness Center and Free Weight equipment as well as our locker rooms facilities. Going the extra mile to offer the best available product on the market for the safety of our members, thanks Indus Co.

I'm sure this one is not as good as the first one but here is my testimonial...Feel free to edit as needed!

Vonda
