RE: Bioshield®75

The Grove Park Inn Resort & Spa has been using the BioShield®75 product in our guest rooms to add a level of protection for our guests and staff. It is my opinion we have an obligation, beyond minimum recommendations and standards, to protect anyone who comes into our facility. BioShield®75 is a key component in our efforts to that end. I have been active in Hospitality Environmental Services since 1987.

I wish you the best of luck in all of your endeavors.
