Dear Mr. Saporiti,

I have used your product , BioShield 75 for the past 10 months and I continue to be amazed with the results. Not only did our facility go through flu season with no reported cases in our elderly population, our rate of infections have also dropped . As Housekeeping & Laundry Director I am very much concerned with infection control and keeping our facility healthy. My co-workers and I truly believe that BioShield 75 has made a difference.

Sincerely,

Angela Patton, CEH;
 Housekeeping / Laundry Director
